Camp Victory Lake: A Place of Natural Wonders and Divine Blessings

As you step into this splendid retreat, we hope you find more than just a place to rest and recreate. Our campground, nestled in the heart of nature's magnificence, is a space where tranquility meets the grandeur of the natural world.

We pray that your stay here is not just a journey through the scenic landscapes but also a spiritual voyage. May each rustle of the leaves, each ripple on the lake, and every starlit night speak to you of the wonders of God's creation.

Our team at Camp Victory Lake is committed to ensuring your experience is comfortable, safe, and fulfilling. Whether you are here to find solace in solitude, camp meeting, adventure in the wilderness, or joy in family time, we pray that God's presence will be evident in every moment.

As you explore the trails, relax by the fireside, or gaze at the panoramic vistas, may you feel blessed and rejuvenated. Let the beauty of the earth, the rhythm of the water, and the chorus of the woods remind you of the divine artist who crafted them.

We are here to assist you in any way we can. Please do not hesitate to reach out for any assistance or information.

May your time at Camp Victory Lake be a memorable one, filled with the peace and beauty of God's creation.

Blessings,

Camp Victory Lake Director

Built as a double track railroad bridge, it was completed on January 1, 1889, and formed part of the Maybrook Railroad Line of the New York, New Haven and Hartford Railroad.
- **Culinary Institute of America-** The CIA's scenic main campus on the east bank of the Hudson River is a spectacular destination for students, restaurant patrons, and tourists alike.
